

HOW TO FIND YOUR BRACELET SIZE

1. Measure your wrist with a tape measure or strip of paper below the wrist bone.

2. Mark your size on that paper, then measure it with a ruler. This is your wrist size.

3. To find your bracelet size, add your wrist size with your style size for the perfect fit!

BANGLE SIZE CHART

1. Close your fingers together and bring your thumb to your little finger (as pictured).

2. Use a strip of paper or a tape measure, wrap it around your hand at the widest point. Then measure the paper with a ruler. This will be the circumference of your hand.

3. Use the chart to choose the correct bangle size based on the circumference. Purchase a bangle that is one size up from your wrist size.

4. Alternatively if you have a bangle that fits you perfectly already, then measure the inside diameter. Use the size guide to select the correct size bangle.
